

3 ways to join the Digital Learning Commons for 07-08!

- Full
- TAP
- Courses-Only

What is included in the Full membership?

Digital Library

This world-class digital library, featuring netTrekker, Grolier, SIRS, Facts on File, and Corbis, is available anytime, anywhere.

Teaching Resources

Online curricula — Apex Learning ClassTools, Beyond Books, and ALPs — to enhance math, English, science, social studies, foreign language, and AP classes.

Catalyst Digital Tools

These easy-to-use online tools help students and educators create portfolios, collaborate on projects, and build online communities.

School Support

We support you in integrating DLC resources into your school with a variety of training opportunities for staff.

DLC Tutors

Tutors offer assistance with coursework, help students use DLC resources, and guide them in their post-high school planning.

Access to Online Courses

The DLC offers schools access to 300+ high-quality courses in a range of subject areas at a savings of up to \$50 per course. The average cost of a course is \$260.

Course Credit Funds

Eligible schools receive \$1,500 in funds to help offset the cost of online courses and equalize opportunity to students.

Optional College & Career Planning Tools

The DLC offers two optional college and career planning tools — WOIS and Bridges — at a big savings to schools.

What does it cost? *(for the 2007-08 school year)*

- \$6 per student for public schools
- \$8 per student for private schools and programs
